

# MULTISTAGE CENTRIFUGAL ELECTROPUMP

N98-ND13051

The multistage electropump is capable of developing a great pressure together with a great capacity of water with little energy consumption. Due to the lack of noise and the good hydraulic characteristics, this type of pump is used for domestic systems, little drip irrigation or assembly of pressure systems.

## WEIGHT AND DIMENSIONS

60cm x 30cm x 30cm (L x W x H)

Net Weight: 16kg

Gross Weight: 20kg

MOUNTED ON  
BASE
